

My daughter is a graduate of their wonderful hands on grooming school. She enjoyed everyday of her learning experience with Nancy. Nancy gave Rachel the confidence she lacked from a shaky high school experience. I am so thankful for Nancy and the skills she has taught my daughter! Another experience I had been to spend several hours within the school and watching Rachel and Nancy working together as partners in learning. Nancy treated Rachel as an equal. She was there for guidance and questions whenever she needed it. Rachel felt extremely comfortable working with Nancy. I was pleased with the whole setting and instructional aspects of the Diamond Cut Dog Grooming School. If you want to be a dog groomer I highly suggest you enroll in this program. If you come in with an attitude of wanting to learn, you will have an excellent experience just like my daughter Rachel! On a side note Nancy has helped Rachel to furnish her own dog grooming business in Alliance, Ohio. She made sure we purchased all the supplies we needed to start her new adventure. After some painting and readjustments at our home she will be opening AS YOU LIKE IT DOG GROOMING! Thank you Nancy for all you has done for Rachel. I am sure that all future students will have the same awesome education as Rachel had!

Cyndi Mother of former student Alliance, Ohio
